

Lost in Confusion
Trip; Trip & Max

[VERSE 1:]

You say you've always been on my side;
But I say you're taking me for a ride.
Is your life what you wish for me?
Serving yourselves, calling it fam'ly?

[CHORUS:]

I'm lost in confusion, don't know my own way-
Can't find my tomorrow, can't see my yesterday.
Lost in confusion . . . lost in confusion . . .
Lost in confusion . . . lost in confusion . . .
Wish I hadn't messed up, wish I knew what to do;
Wish I made the right choices, wish I was still with you.

[VERSE 2:]

You say you know the way to heaven;
But I say you're not worth believin'.
Is your view of god really the truth?
Merely human, but sure of life's worth.

[CHORUS]

[VERSE 3:]

You say you act in my interest;
But I say you just want to arrest.
Is your freedom really free?
Broker power, call it democracy.

[CHORUS]

[BRIDGE]

What's right is right-
What's wrong is wrong.
Stayed up all night-
Burnt the candle too long.
You're always right,
I'm always wrong.
Want to see the light?
It's not in this song.
Nothing is right-
It's all so wrong.
Don't want to fight-
Have fun 'til I'm gone.

[VERSE 4:]

You say love is for everyone;
And I say that you're the one.
Is there love in your heart-
Loving couple, or always apart?

[CHORUS]

[VERSE 5:]

You say the world's just fine;
But I say we're walking the line.
Are your rules enough to halt-
Biz'ness profit, see earth turn to salt.

[CHORUS]
