

*Telephone Blues*

Max; Max & Bert/Too Cubed Blues Orchestra

[VERSE 1:]

Far away from you  
Leaves me so blue  
Wanna be with you

Many miles away  
Then another day  
A place not to stay

[CHORUS]

I'm on the phone, I got the telephone blues  
So far away, so way far away from you  
Call every night, just to hear your voice  
Sorry I'm here, you know it's my choice  
It's my own life, out here on the road  
Take all the blame, carry the whole load  
I'm on the phone, I got the telephone blues  
So far away, so way far away from you

[VERSE 2:]

Played another gig  
Loaded up the rig  
Eyes open for pigs

I'm safe in my room  
Under a full moon  
Wanna be home soon

[CHORUS]

[VERSE 3:]

Fingers spin the dial  
Connect o'er miles  
It makes me smile

We enjoy our chat  
Find out where we're at  
How's the house, the cat?

[CHORUS]

[VERSE 4:]

Baby I miss you

Just wanna kiss you

Don't wanna miss you

Check into the room

Under a full moon

Wanna be home soon

[CHORUS]
