

The Mountains

Stan & Trip; Trip & Max

[CHORUS/INTRO:]

There's a place that I go to see
As far as a man can see, I look
Land stretches out far below me
It teaches me more than any book
Above the valley; below the sky
Up into the mountains so high

[VERSE 1:]

One step, two step, three step, four!
My feet lead me on out the door.
To walk and walk and hike and climb
Until my heart's content I find

[CHORUS]

[BRIDGE]

Once I sat watching the TV
Then life itself called out to me.
"Get off your buns,
Get out the door
Go and have fun!
Go and explore!"
Heeded the call
Hit the remote
Went over all
Climbed like a goat!
Where air is so clean, clear and pure
I'll find the peace I need for sure

[VERSE 2:]

A tree, a bird, a bloom, zoom!
My eyes behold nature ev'rywhere.
To look and look and see and view
Until my mind is free of care.

[CHORUS]
