

Can You Help Me?

Trip & Max; Trip & Max (Sung by Max)

[VERSE 1:]

We've been in love for a few years
But from loneliness I now shed tears
Can you help me understand?
I promise to try to be your man

[VERSE 2:]

We've found our way through foreign lands
White sand beaches we walked holding hands
Can you help me find the way?
I promise not to lead you astray

[VERSE 3:]

I've looked around inside my head
One day one thing, another instead
Can you help me know myself
I promise within is certain wealth

[VERSE 4:]

I try to see just how you feel
So we can keep an even keel
Can you help me to know you
I promise to try to help you too

[VERSE 5:]

It's gotten so dark it's so hard to see
Can you help me find the light?
I need someone to need to be with me
Can you help me be all right?
