

The Train

Trip; Trip, Max & Bert

[INTRO; Beats shorten in regular intervals between each syllable from largo to allegro:]

They train you to get on the train
Make it through the pouring rain
Sometimes it seems like it's all in vain
Drinkin' and druggin' to ease the pain

[CHORUS:]

All aboard- the train
Don't get left- in the rain
We're gonna go from town to town
Won't let anybody down
All aboard!

[VERSE 1:]

All aboard- this train is leaving
All aboard - no time for grieving
So don't get left behind
You know everything's gonna be all right
On the train.

[CHORUS]
