

Sunshine

Max; Max

[VERSE 1:]

I've got a head in my notion
I see stillness in commotion
Changing world and all its sameness
Human competence and lameness

[CHORUS:]

It's not always good and it's not always bad
Falsely cheery or preferring the sad
Keep the sunshine in your heart
For every day is a brand new start
Keep the sunshine in your heart
For every day is a brand new start

[VERSE 2:]

I've seen the idle a-toiling
I see the ice cubes a-boiling
Rolling stones in all their stillness
Personal health with mental illness

[CHORUS]

[BRIDGE]

A rainy day doesn't have to be blue
It all depends on what you do
Sing a song, bake a cake
Bang a gong, break the rake
A sunny day doesn't have to be gay
If you're dealing with come what may
Own the one, ton of fun
On your own, all alone

[VERSE 3:]

I've seen a cube a-turning
I see the water a-burning
Broken glass in all its dullness
Obvious truth that's total bull-ness

[CHORUS]
