

Hippies Live On
Too Cubed; Too Cubed

[VERSE 1:]

It's so groovy
to smell like patchouli
Dancin' like a penguin
Until I don't know when
Spinning all night
Getting so high

[CHORUS:]

Hippies live on riding the road
Hippies live on feeling the flow
Hippies live on seeing the show
Hippies live on being the mode

[VERSE 2:]

Boy you're lonely
Your last girl was homely
Skanking like a hooker
You thought she was a looker
Spinning all night
Getting so high

[CHORUS]

[VERSE 3:]

Girl you're out there
Even with flowers in your hair
Twirling like a bobbin
Try some nob slobbin'
Spinning all night
Getting so high

[CHORUS]

[VERSE 4:]

OK you're a hippie
It's really not that trippy
Boogie like a nostril
Spend the night at a hostel
Spinning all night
Getting so high

[CHORUS]

[VERSE 5:]

It's a silly song

But it doesn't run long

Groovin' like a router

Try to forget about her

Spinning all night

Getting so high

[CHORUS]
