

Fool for Love

Max; Max

[VERSE 1:]

I'll never forget the moment we met
Our eyes locked together with no regret
But insecurity turned into fear
Our anger turned 'round and bit in the rear
How did our love turn to anger then hate?
My understanding this came much too late

[CHORUS:]

How could I have been such a fool
When you have always been my jewel
Sweet nothings became angry somethings
When pride eclipsed our former love things
What more do I have to do?
To find my way back to you
I wish I could go back to some school
To learn how not to be such a fool.

[VERSE 2:]

Our first years together always that way
But selfishness made us both go astray
You tried to do your thing and I do mine
Got so much harder to find enough time
Tried to cherish and to hold each other
To always be there as perfect lovers.

[CHORUS]

[VERSE 3:]

I crossed bound'ries I did not know were there
Neither hurting nor saying was quite fair.
Had to prove something I still don't know what
We're talking the talk and strutting the strut
It seems so empty these games that we play
Why's it so hard just to have a good day?

[CHORUS]

[VERSE 4:]

Is it possible to push back the night?
To see ourselves clearly in diff' rent light?
To wash away the sadness and the pain
To progress go forward make a real gain
I want to so bad it makes my brain hurt
Wish it was easy like changing my shirt.

[CHORUS]
