

Ski Town Blues
Max & Olly; Max

[VERSE 1:]

Got the ski town blues, don't know what to do
People changing their partners like they're changing their shoes
Gotta get out of here, don't know what to do
Gotta keep moving, got the ski town blues

[CHORUS:]

We wait through summer for powder days
Just slavin' away through the heat
Tourists need to be fed and entertained
Herds of fat people bleating like sheep
Ski town blues, ski town blues
I like what I know
Gotta ski the deep snow
Ski town blues, ski town blues

[VERSE 2:]

Got the ski town blues, don't know what to do
You don't have a girlfriend, you just get your turn
Gotta get out of here, don't know what to do
Gotta keep moving, so I don't get burned

[CHORUS]

[VERSE 3:]

Got the ski town blues, don't know what to do
The guys are such losers, the women are worse
Gotta get out of here, don't know what to do
Gotta shut up now, this is just a verse

[CHORUS]
