

Lucifer and Luscious

Trip & Max; Trip & Max (Sung by Max)

Wherever they went people stopped to stare
This couple so gorgeous out on the town
Lucifer a man so strong noone could bring him down
Luscious a woman so beautiful no other could compare

Lucifer said to Luscious, "Baby you're so-oh fine.
I want to hold you in my arms forever to be mine."
Luscious said to Lucifer, "Honey you're so-oh sweet.
I want to light a barbecue and then to eat the meat."
Lucifer said to Luscious, "I don't know what you mean.
I think it's getting warm in here when your eyes they gleam."
Luscious said to Lucifer, "I meant it sev'ral ways.
I want a life together of hot nights and comfy days."
Lucifer said to Luscious, "I think I get it now.
You want me to take out the trash and your field to plow."
Luscious said to Lucifer, "I'm getting very hot.
Let's make love right here right now and hope we don't get caught."

Lucifer and Luscious were a couple for all time
Their love so pure their love so deep
They felt so sure they'd never weep
Lucifer and Luscious thought that bells would chime

Lucifer said to Luscious, "I want you as my bride,
I will always cherish you and you will be my pride."
Luscious said to Lucifer, "I want you as my groom,
I will make sure to pleasure you and to wield a broom."
Lucifer said to Luscious, "I hope you're not a witch.
Please don't ever ride that broom 'cuz I can't stand a bitch."
Luscious said to Lucifer, "I don't know what you mean.
Am I not the sweetest girl that you have ever seen?"
Lucifer said to Luscious, "To me you are the best.
You are so much to me now I can forget the rest."
Luscious said to Lucifer, "I will be true to you.
With you at my side I shall be able to get through."

Wherever they went people stopped to stare
This couple so gorgeous out on the town
Lucifer a man so strong noone could bring him down
Luscious a woman so beautiful no other could compare
