You look so good, you make me hot  
Want you to give me everything you got  
I want your mouth, I need your touch  
Open up wide, baby, never enough

Gonna tease you up, gonna get you off  
Gonna give it to you, everything I've got  
I want your love, I want your bod  
Let it all go, baby, let it explode

[MAX SOLO]

You feel so nice, you make me pant  
I wanna feel you touch me where others can't  
I want your tongue, I need your mouth  
Nice and slow now, baby, move it down south

Gonna touch you nice, gonna get you off  
Gonna give it to you, everything I've got  
I touch you here, I stroke you there  
Enjoy it now, baby, your skin's laid bare
